HIGHLIGHTS

9+ years of expertise in iOS and web development. Developed 16 iOS apps and 9 websites.

EDUCATION

B.S. Software Engineering

Sep 2013 – Mar 2018

🏛 University of California, Irvine

- 3.46 GPA; Dean's List: Fall 2014, Winter 2016, Fall 2016, Spring 2017, Fall 2017

UC Education Abroad Program 📍 Florence, Italy

Winter 2016

EXPERIENCE

Lead iOS Engineer

May 2018 – Present

🏢 Convoz 📍 Playa Vista, CA

- Enhanced core parts of the app, including: camera recording, video playback, and streaming.
- Refactored codebase to improve readability, maintainability, and enforce consistent architecture.
- Fixed common bugs, improved performance, and addressed user pain points.
- Mentor colleague, transferring my knowledge and expertise in iOS development.
- Aid in planning product development, coming up with solutions and features that move the needle.

Founder / iOS & Web Developer

Mar 2010 – Present

🏢 Techno-Magic 📍 Porter Ranch, CA

- Founded to serve as a storefront for my development adventures.
- Developed 16 iOS apps, and actively maintain 1 app on the App Store, and 1 app on GitHub.
- Averaged 17,800 app downloads per month for a single app in the first half of 2016.
- Designed and built 9 websites, and actively maintain 5 of them.
- Answer support emails in a timely manner and ensure the user's problems are resolved.

Lead iOS Developer

Oct 2017 – Mar 2018

🏢 Jeff Kleid Consulting 📍 Irvine, CA

- Led team of 4 in the design and development of an iOS app powered by machine learning.
- Used the Scrum agile framework to produce deliverables for client in two-week sprints.
- Devised and built the app's core structure to maintain high cohesion and low coupling.
- Overlooked project from design to implementation to ensure a consistent user experience.

Data Analyst & Digital Marketing Assistant

Feb 2017 – May 2017

🏢 Bosch Automotive Service Solutions, Inc. 📍 Fountain Valley, CA

- Wrote SQL queries to retrieve data from the SAP Business One system.
- Compiled analytics and KPI reports about sales, ads, and social media performance.
- Set up and managed the server for the redesigned website.
